RE: Arahunga Regions Now at COVID19 Alert Level 1

To the Arahunga Community,

This is just a brief letter to update you that all of the regions in which Arahunga operates have now moved back to Alert Level 1.

This means vulnerable students and staff who are not displaying cold and flu symptoms can now return to school.

At Alert Level 1 we are still encouraging regular hygiene practices and being mindful of others wellbeing. Unwell staff and students with cold and flu like symptoms are asked to remain at home for both their own and other's well-being.

Please don't hesitate to contact the appropriate Team Leader, if there is something you need assistance with.

All Team Leaders can be contacted by phoning 0800 532 497 and selecting the appropriate region.

Thank you for your support of Arahunga and our students at this time.

Ngā mihi

Daniel Price

Principal

On behalf of the Executive Team
